## DFRDB UPDATE - FEBRUARY 2020

### Approach to the Senate

Last month we wrote to all Senators requesting a Senate inquiry after the sham that was the Commonwealth Ombudsman's investigation. To date, the only reply has come from Tasmanian LNP Senator Eric Abetz and a staffer for Victorian Labor Senator Kimberley Kitching.

### New Video Presentation

We have prepared a new video presentation to place the Ombudsman's investigation into context. This is the link:

<https://www.youtube.com/watch?v=MlhpQpYwlv4&feature=youtu.be>

Those who still don't understand our concerns and those who think that Commutation is the only and most important of those concerns should take the time to look at this video.

We will circulate the link to all known media outlets and newspapers. We ask that you also share the link as widely as possible, particularly on Facebook and other social media.

You should also bring it to the attention of your local MP and State Senators. We suggest you seek a meeting with your local Member and make them watch the video with you then ask them to justify the lack of action.

### ADFRA is now incorporated

Last year, before we received definitive advice that a legal challenge of the DFRDB Act was not an option for us, we incorporated the Australian Defence Force Retirees Association (ADFRA) to safeguard the assets of those of us who are at the forefront of prosecuting our concerns.
